

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

CITY OF PRESIDIO has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During [compliance period] we [did not monitor or test – or – did not complete all monitoring or testing] for [contaminant(s)] and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for [these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were [or will be] taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Lead and copper tap water sampling	June 1st - Sep 30th 2023	20	June 1st - September 30th 2023	Sep 29th 2023 June 1st - Sep 30th 2024
Lead and Copper entry point sampling				
Water quality parameters				

What is being done?

We are working to correct the problem. For more information, please contact [name of contact] at [phone number] or [mailing address].

Samples were taken on September 29th, and results meet health standards. The laboratory results were turned in on October 10th, thus the violation from TCEQ. The City of Presidio will resample again on June 1st - Sep 2024. TCEQ has lifted the violation after receiving the lab results.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
